# Release 7.9.0

General

- **PDF Upgrade** – All PDF reports have been upgraded with the latest version

Help Desk

- **Edit Ticket** – The printer option located under Actions on Help Desk Manage page was not printing the ticket bar code. This has now been fixed.

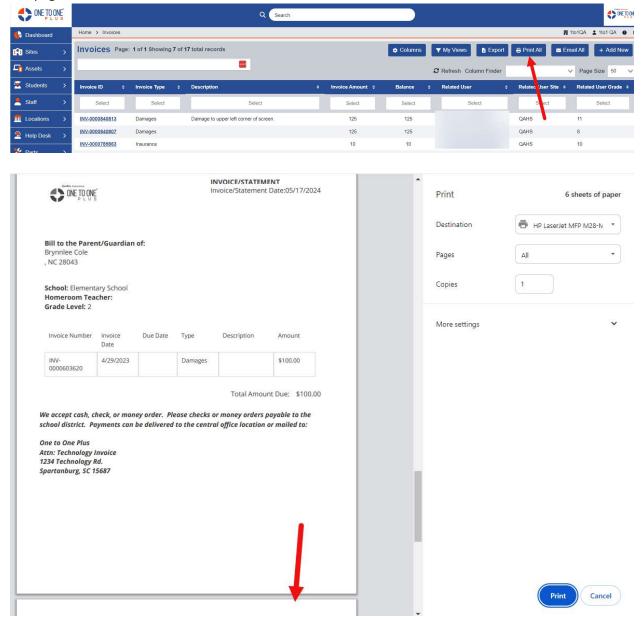

Students/Staff

- **Student/Staff Email Changes** – The student email changes batch job will now start at 5am EST and staff email changes batch job will now start at 6am EST.
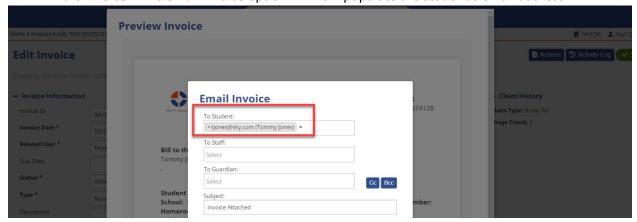

Invoices

- **Invoice Manage** - The "Print All" button used to print invoice statements, was printing a blank page at the end. This is now fixed.

- **Edit Invoice** – The email invoice option will now populate the student's email address.

Settings

- **System>User Roles** – A new user role called "Vendor" has been added. This role is similar to the "Circulation" role but includes the assets Bulk Assign option.
